"smoking dope" when they reported their discoveries,
"This skull they found." declared Coghlin, "was a papier mache and glue affair that may have been used as a toy while in my opinion the bones were imitation ones or something of that kind while the blood stains—that is if they are blood, which I very much doubt, can be easily accounted for. Mrs. Snead gave birth to a baby in the house some time ago and although he had arranged to be cared for by a physician, the child was prematurely born and later, we understand, died. The detectives thought they had a mystery, but after I carefully investigated the matter, I have come to the conclusion that the only mpstery in the affair was statements made to the effect that hysterical neighbors were miffed because they had never been taken into the confidence of the family that lived in the

He heard the latter part of the discussion relating to the Mrs. Moore case, and then asked if the board had time and inclination for his presentation of another matter which, he said, seemed to be of public interest.

The inquiry was really addressed to E. A. Pinkney, the new member of the board. He is third selectman and Aaron H. Sanford is second selectman. The latter was so far committed to the safe care of itself."

Brooklyn police. They explained the case and soon the former home of the woman in Brooklyn was visited.

The East Orange police have devel-oped the fact that Mrs. Snead was in-sured for \$20,000 and that Miss Ward-

Mrs. Snead left a will signed when
she was ill but all of which, with the
exception of the signature, is in the
handwriting of Miss Wardlaw; and
that Mrs. Snead's husband instead of
being dead as the Wardlaw woman declared, is alive and somewhere in New
York. They are holding Miss Wardlaw on a formal charge of murder.

## NURSES OUT TO BREAK RECORD FOR RED CROSS STAMP SALES

Beginning tomorrow nurses in uniform will offer Red Cross stamps for sale. The sums received will go, 20 per cent. to the American Red Cross Society and 80 per cent. to the Fairfield County Anti-Tuberculosis Association. The association already has on hand 200.000 of these stamps and expects to dispose of these and then of 100.000 more. As the stamps sell for a cent each, and as some people pay more than a cent, it can be seen that \$3.000 is the least sum that the association hopes to derive from the Christmas marketing.

The selling force is organized under the direction of Nurse Finnegan. She has enlisted the services of some 38 members of her profession, each of whom has agreed to spend a certain number of hours at one of the selling stations. These selling stations will be located in the principal stores and drug stores. A very important post will be that in the lobby of the post office. It was with some difficulty the association secured permission to maintain a stand here. They were assisted in gaining permission by Fred Enos, president of the Board of Trade, to whom they feel grateful. The work here has been assigned to Mrs. Anna L. Porter, who has had charge of the

Whole Body Covered and Head So Bad She Could Not Comb Hair -Sight Affected-Neighbor Begged Her to Use Cuticura - It Cooled the Itching Flesh and

#### BROUGHT REST, SLEEP AND A PERFECT CURE

"Words cannot express the awful skin disease I suffered with. My whole body was covered with it. My head broke out so that I could not comb my hair. For a menth or more I suffered with a terrible sere throat. When I should lie down at night my eyes would stick together and I would have to bathe them before opening them each merning. I scarcely could see for my eyes had failed me from the effect of the skin disease. I tried three doctors, but they gave me no relief and then I tried all kinds of things that I thought would do me good but I could find nothing. I was a perfect prisoner with the awful humor.

"One of my neighbors begged me to try the Cuticura Remedies, and I made up my mind to try them but not thinking that I would ever be cured. I would take a hot bath with Cuticura Scap and then apply the Cuticura Ointment. I found relief in a few days and in a month you could scarcely see a spot on my face. I felt like a new person. When I first began to use the Cuticura Remedies they cooled the itching flesh and brought me real good sleep and rest at night. I had suffered fully two years with the skin disease but now I am a well woman and in good health. I beg every skin sufferer to use the Cuticura Remedies. I cannot praise Cuticura enough because I thought that I would never get well again. Mrs. Cordelia C. Pitts. Newborn, Ga., Nov. 24 and Dec. 21, '08."

their investigations at the request of the East Orarge police.

With the arrest of Miss Virginis Wardiaw, formerly of Brooklyn, who says the dead woman is her niece, on a charge of murder, it is expected startling revelations will be made in the immediate future.

The police charge directly that the Snead woman was killed for real estate and \$20.000 life insurance. Every method known to the "third degree" has been tried by the police against their prisoner, all without avail and they now confess themselves baffled by this aged woman—she is apparently between 50 and 60 years old—who, to a perfect fusilade of questions simply gazed at her questioners unmoved and remained mute.

When Miss Wardiaw celled up the police station in East Orange Monday alght and reported the death of her niece, the county physician, who To prevent dry, thin and falling hair, remove dandruff, allay itching and irritation and promote the growth and becuty of the hair, frequent shampoos with Cuticura Scap and occasional dressings with Cuticura are usually effective when all other methods fail.
